## KEY EXPERTISE

Core Java C++ Javascript SQL OOPs Data Structures

## EDUCATION

### Bharti VidyaPeeths College Of Engineering

2026

B.TECH. - Computer Engineering

### Institute Of Civil & Rural Engineering Gargoti

2022-2025

Diploma | MSBTE | Percentage: 87 / 100

### Jawahar High School Nilpan

2021

10<sup>th</sup> | MSBSHSE | Percentage: 95.00 / 100

## PROJECTS

### Advanced Intelligence Face recognition Attendance System

Team Size: 4

Key Skills: Python HTML CSS Javascript MySQL PHP

This project is an AI-based intelligent attendance system that automates the process of recording student attendance using face recognition technology. The system utilizes python for backend logic, MySQL for data storage and a web based interface built using HTML,CSS,Javascript, and PHP.

Project Features :

1. Automatic Face Detection
2. Real-Time Database Update
3. User-Friendly Interface

### Desktop Assistant

Team size:4

Key Skills: HTML Javascript Python NLP ML

This intelligent desktop assistant is a powerful tool built using python for robust backend processing and speech recognition. It utilizes Natural Language Processing to accurately understand and interpret your voice commands. The assistant features a responsive and user-friendly interface crafted with HTML & Javascript with simple voice instructions, you can easily manage files and control system settings.

Project Features :

1. File and Folder Management
2. Application Launcher
3. Productivity Tools

## ACHIEVEMENTS

- Secured the 4th position in a coding competition, showcasing proficiency in programming and problem-solving.

## ASSESSMENTS / CERTIFICATIONS

### TechSaksham

Key Skills: HTML5 CSS Javascript Core Java PHP

## EXTRA CURRICULAR ACTIVITIES

- Organized the paper presentation event under ICRC TechNexus fest during my college tenure, where I led a team of 10 members. This experience provided invaluable lessons in teamwork, collaboration, and effective communication.
